This form is for general use to assist in the crafting of nomination narratives. Capturing a nominee's breath of service allows the selection committee to recognize those among us who keep the spirit of cheerful selfless service.

Use this worksheet to collect as much information on your nominee. Use the information collected to tell a nominee's story in the award nomination form narrative block. If additional detail is warranted this worksheet and/or additional supplemental narrative attachment can be included with the nomination form. While this worksheet is not required, it can provide additional context of nominee's service to the lodge, council, Order of the Arrow, and greater scouting movement for the committee to review.

Once the nomination form (and any attachments) is/are completed send to the following email address:
