Commissioner's Minute

It's Renewal Season!

- Unit Renewal - Almost all of our units renew on December 31st, so this probably means your unit is up for renewal. Log into My.Scouting to start your renewal process, no need to wait until the end of the year.
- Individual Renewal - Although this process is separate from unit renewal, most of our Scouts also renew on December 31st. Check your renewal report in My.Scouting and remind your Scouts and parents that renewals are due. Don't let a Scout's participation or advancement get blocked by renewal.
- And as always, please reach out to your commissioner with any questions!

Safety Moment: Wildfires

Many people believe wildfires only matter in places with mountains and trees. However, wildfires occur anywhere there is fuel, flame, and oxygen. That means we are all in a potential wildfire area. There have been wildfires in all 50 states. We need to be prepared and prepare our youth as well.

To help scouts effectively prepare for wildfire emergencies, it is essential to prioritize safety by learning and practicing emergency preparedness. As scout leaders, we have the opportunity and responsibility to lead youth in learning about wildfires and what to do before, during, and after such events. The following sections outline key tips and steps for each phase.

We're glad you joined us today! Be sure to sign-in and visit us on the Roundtable Page!
